DIRECTIONS FOR USE

TOILET BOWLS

Remove water by forcing it over the trap with the swab mop. Saturate swab with the cleaner and wet all surfaces thoroughly. It is most important to swab under the rim of the bowl to clean water outlets. Allow cleaner to remain for at least 10 minutes until all rust, scale, and stains are loosened. Rinse by flushing.

URINALS

Place clean mop over trap in urinal and saturate with bowl cleaner. Swab urinal thoroughly. Remove screen at urinal trap and pour approximately 6 to 8 ounces of concentrate into and around drain opening. Allow to soak a few minutes. Replace screen and flush well.

TILE, WASHSTANDS, SHOWERS, FIBERGLASS AND STAINLESS STEEL

Using a swab mop, sponge, brush or cloth; apply to wet all surfaces thoroughly. Rinse thoroughly with clear water after several minutes. Do not use on any surface, such as marble, that can be damaged by acidic materials. Many surfaces are not resistant to acid.

HAZARD STATEMENTS: Causes eye irritation. **PRECAUTIONARY STATEMENTS:** Do not get in eyes, on skin, or on clothing. Wash thoroughly after handling. Keep out of reach of children. **FIRST AID: IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention. **IF SWALLOWED:** Call a Poison Center or doctor/physician if you feel unwell. **STORAGE:** Store in closed container in an area inaccessible to children. Avoid contact with skin and eyes. Wash hands before eating, drinking, smoking, or using toilet facilities. Close container after use. **SPILL/LEAK:** Avoid walking in product. Wipe up or otherwise flush small spills to sanitary sewer. **DISPOSAL:** Dispose of content/ container in accordance with local, state, and federal regulations.
