

EMS

Preventing Infection Transmission

Keeping you and your patients infection-free

Provide effective equipment and transport vehicle disinfection.

- Disinfecting EMS vehicles and equipment reduces pathogen transmission
- Advanced electrostatic application of chemical improves and safeguards EMS personnel and patients
- A safer, more effective and more efficient disinfection process for ambulances and equipment

EMist's new EPIX360 is the world's most effective handheld disinfectant sprayer. It provides safe, continuous, and efficient disinfection for ambulances and equipment.

- ✓ Simple and affordable
- ✓ Rapid disinfection between each patient and for terminal disinfection
- ✓ Improves the level of healthcare you provide
- ✓ Cordless
- ✓ Electrostatic application system
- ✓ Lightweight
- ✓ Covers 4,000 high-touch point sq. ft.
- ✓ 75% less chemical
- ✓ 75% faster application

Cordless Electrostatic Disinfectant Sprayer

Mobile • Touchless • Effective

**More coverage.
Less waste.
Better results.
It works.™**
